THE A.R.R.L. NATIONAL CONVENTION CHICAGO 1938

9 > 7 X

NOV 4 1938

Greetings

We, the Amateurs of the Chicago Area, represented by the Chicago Area Radio Club Council, welcome you, the Amateurs of the Nation, to this, The A.R.R.L. National Convention of 1938.

During the preliminary work and planning of this National Convention we have been ever mindful of the fact that this Convention is held for your pleasure and your entertainment. We have therefore arranged a program which is wide in scope, varied in activities, and one during which each of you will find many things of special interest.

We are proud to present to you now the Program of The A.R.R.L. National Convention of 1938. We hope the talks you will hear, the things you will do and the friends you will make will add to your future enjoyment of the grandest of all hobbies—AMATEUR RADIO.

THE AMERICAN RADIO RELAY LEAGUE

"The American Radio Relay League, Inc., is a non-commercial association of radio amateurs, bonded for the promotion of interest in amateur radio communication and experimentation, for the relaying of messages by radio, for the advancement of the radio art and of the public welfare, for the representation of the radio amateur in legislative matters, and for the maintenance of fraternalism and a high standard of conduct.

"Of, by and for the amateur," it numbers within its ranks practically every worthwhile amateur in the nation and has a history of glorious achievement as the standard-bearer in amateur affairs."

INFORMATION

LOCATION OF ROOMS

Registration headquarters are on the mezzanine floor. On this floor also are the Exhibition Hall, Grand Ballroom, Parlor O, (ladies' headquarters), and Club Room. The Louis XVI, Crystal, West and Grey Rooms are on the first floor one story above the mezzanine.

LADIES' EVENTS

In playing host to the radio amateurs of the nation, Chicago has not forgotten the ladies. Mrs. A. G. Robert (W9YMF) and her Committee have an excellent program planned. Parlor O will be ladies' headquarters, so be sure the YF comes in and gets acquainted. Other than Convention registration, no charge will be made for any of the ladies' events.

SPEED CONTEST—TAPE RECORDINGS

Come, ye dyed-in-the-wool brasspounders, to Room 114, any time during the Convention, and make a tape recording of your "fist"—you can run it back through the "auto" and hear your sending.

Two classifications are planned for the copying contests. One will be coded or trick word tape sending at about 22 w.p.m. (similar to A.R.R.L. Copying Bees) and the test will be to copy what you hear. This tape will be run periodically on Saturday and Sunday.

Those desiring to enter the speed contest, the winner of which will be presented an award, should apply to the party in charge of Room 118 any time Saturday or before noon Sunday to qualify; complete information will be given there.

Judges are Mr. F. E. Handy, CM, A.R.R.L.; T. R. McElroy, World's Champion Radiotelegrapher; and Mr. H. E. Fulton, Manager, R.C.A. Communications, Inc., and in charge of equipment, Mr. R. D. Hutchens, R.C.A. Communications Inc., through whose courtesy the equipment for the speed contest has been loaned.

INFORMATION

TRANSMITTER

Pay a visit to the complete, modern amateur radio station which will be in operation at the entrance to the Exhibition Hall, under the supervision of the Hamfesters Radio Club. In the same location as the modern transmitter, affording direct contrast, is the station of W9HRM of the Milwaukee Radio Amateurs Club, exactly as it was in 1915, under the call 9EJ.

SATURDAY NIGHT PARTY

This is an informal party devoted to entertainment and fun. Bring the YL or XYL. Refreshment will be served. Admission by badge only.

TRIPS TO FACTORIES

Hallcrafters, Taylor Tubes and Thordarson have arranged trips through their factories, without charge, for those who wish to watch the manufacture and assembly of amateur equipment. For information, apply at one of the sponsors' booths.

BANQUET

All seats are reserved. Each banquet ticket has a table number, at which the holder will be seated. Green tickets are for the Grand Ballroom, yellow for the balcony, orange for the West Room, buff for the Crystal Room and blue for the Louis XVI Room. No one will be admitted to any dining room without a ticket. Ushers will be in complete charge. There will be a short intermission immediately after the meal is finished in order to allow everyone to assemble in the Grand Ballroom for the program.

WOUFF-HONG INITIATION

The Wouff-Hong, amateur radio's most sacred symbol, stands for the enforcement of law and order in amateur operation. A great secret fraternity is built around this symbol, known as the Royal Order of the Wouff-Hong,

and the very impressive ceremony to take place at midnight on Sunday, September 4th, in the Louis XVI Room, will be conducted by a group from Flint, Mich., where the order was founded. Any A.R.R.L. member is eligible to join; an initiation fee of 25c will be charged. You may secure your ticket any time. Saturday or Sunday at the small booth near the registration desk marked "R.O.W.H." If you are an A.R.R.L. member, be sure you take advantage of this opportunity.

SIGHTSEEING TRIPS

Because there are so many and varied things to do and see in Chicago, the Convention Committee have not attempted to arrange any special tours of the City. The Gray Line have pre-arranged sightseeing tours at nominal prices, and if interested in seeing the City on Monday afternoon, the attendant at the Gray Line booth near the registration desk will be pleased to make arrangements with you any time during the Convention.

EQUIPMENT SHOW

To the exhibiting manufacturers and jobbers of amateur radio equipment, we of the Convention Committee extend special thanks for their cooperation.

The Equipment Show is for your pleasure, and to acquaint you with the modern lines of amateur radio apparatus. Drop in at the booths, look over the displays, and become acquainted with the manufacturers of the best in amateur gear.

Of all manufacturers of radio and associated equipment, remember these as the ones who appreciate the patronage of the radio amateur and who have shown their sincerity by cooperating with us in this great Show and Convention.

Look for the prizes in various Booths.

CHICAGO AREA RADIO CLUB COUNCIL

Founded in late 1933, the Chicago Area Radio Club Council was organized to lend such aid as is possible in developing the radio clubs of the Chicago Area along progressive lines; to promote friendly cooperation among the radio clubs in The Chicago Area, and to provide a means through which members of affiliated clubs may present a united front on matters of interest to them.
